Reference: Potential Reinstatement of Tucson Electric Power's (TEP)
Historic Line Extension Tariff
Docket #s: E01933A-07-042, E01933A-05-06, E00000J-10-0044

Dear Chairman Pierce:

As a member of the Metropolitan Pima Alliance (MPA), I have become aware of the potential reinstatement of TEP's historic line extension tariff. It is my hope as a representative of the construction industry that the ACC reopens Decision No. 70628 for the purpose of considering TEP's line extension tariff.

As I understand the agreement, the changes being proposed by TEP are acceptable in their current form and I do not believe an evidentiary hearing is required.

From a construction point of view, the reinstatement of TEP's line extension tariff would go a long way in reducing the up front costs in the home building industry.

Thank you for your attention to this matter and taking the necessary steps to reopen TEP's rate case.

Sincerely,

Toby Allen
President
